

KANHAIYA PRAJAPATI

Frontend Engineer

Surat, Gujarat

📞 8849931533 ✉ kanhaiyaprajapati756@gmail.com [LinkedIn](#)

EDUCATION

Veer Narmad South Gujarat University (VNSGU)

April 2015 – March 2018

Bachelor of Computer Applications (B.C.A) — CGPA: 8.1

Surat, Gujarat

- Collaborated cross-functionally with designers and backend developers to deliver user-centric solutions in Agile sprints.

Work Experience

React.js Developer / Frontend Developer — Koli Infotech Pvt. Ltd.

Jan 2024 – Present

Frontend Developer (React.js, Next.js, React Native)

Surat, Gujarat

- Designed and developed responsive web applications and admin dashboards using **React.js**, **Next.js**, and **Material UI**.
- Built reusable UI components with modern React Hooks and integrated RESTful APIs for dynamic data flow.
- Developed mobile applications using **React Native**, Redux, and React Navigation with cross-platform support.
- Collaborated with backend team using Node.js and MongoDB for seamless API integration.
- Worked in Agile environment, contributing to sprint planning, testing, and deployment.

Projects

JobVob App – Job Search Mobile App | React Native, JavaScript, Redux, REST APIs

- Developed a mobile job search app similar to Apna with job listings, user login, and notifications.
- Implemented Redux for state management and API-driven job data retrieval.

IMS Project – Govt. Exam Preparation Portal | React.js, Node.js, REST API, Git, Node js

- Designed and developed the frontend for an online exam platform for competitive government exams such as **NTPC** and **GUJCET**.
- Collaborated with backend team using **Node.js**, integrated APIs, and implemented user-friendly exam interfaces.
- Implemented RESTful API integrations and developed reusable components to enhance scalability and maintainability.

IT Futurz – Admin Site Panel | Next.js, API Integration, Material UI

- Developed a complete admin dashboard and site panel to manage user activities and content.
- Used **Next.js** for server-side rendering and optimized performance and SEO.

Turing – AI Workflow Debugging | React.js, JavaScript, HTML, CSS

- Worked on a live AI-driven project involving debugging and code correction using **Turing's AI models**.
- Utilized **JavaScript**, **React.js**, **HTML**, and **CSS** to analyze AI-generated outputs and ensure bug-free production-ready code.
- Collaborated with the AI workflow to validate, fix, and enhance frontend components for better performance and maintainability.

Technical Skills
